Dedication

This year the **1962 Thorobred** is dedicated to you, the Senior Class. The pages which follow have preserved many of the memories that you will cherish in the years to come--the laughs, the struggles, the tears, and those happy moments of success all of you have known.

Yet, these memories should inspire in you those moments towards uniqueness when you live fully only once. This is the greatest meaning: the beginning and not the end, a commencement of life not just lived but life lived in inspiration of what you might become, vanishing from the traces of what you were into a greater life.

When the years grow dim with age and time becomes just a word, look back upon the pleasant memories of your youth and Kentucky State.
